

A box plot comparing the distribution of 'number' across four categories: 'none', 'small', 'medium', and 'big'. The y-axis represents the count, ranging from 0 to 100. The 'none' category (red) has a median around 20 and a range from 0 to 40. The 'small' category (blue) has a median around 25 and a range from 10 to 40, with many outliers up to 100. The 'medium' category (purple) has a median around 5 and a range from 0 to 20. The 'big' category (green) has a median around 25 and a range from 10 to 40, with outliers up to 100.
